

Letter of Commitment

With this Letter of Commitment the national representative of the YEP! Consortium, Severn Wye Energy Agency, Unit 6/15 The MEWS, Brook Street, Mitcheldean, Gloucestershire, GL17 0SL has an agreement with (insert school name and address) Severn Wye Energy Agency to participate in the EU Intelligent Energy Europe project, "Young Energy People!"

Severn Wye Energy Agency will:

- Provide a named contact responsible for co-ordinating the work between schools and workplaces
- Freely provide all educational tools and resources for implementing the work
- Work with the school to establish a mutually agreed plan for implementation of the student work during the academic year of September '08 – May '09
- Provide free technical and educational advice and support for the running of the programme and creation of a school energy management team
- Support the delivery of an energy survey and the development of the associated recommendations
- Facilitate the relationship with local workplaces and the school to provide work placements for the School Energy Management Team (SEMT) which will be covered by a similar agreement, details of which can be seen (workplace agreements to be annexed to this)
- Promote the school through its participation in the project and the dissemination activities
- Provide recognition of the students' achievements through certificates for every student participant.
- Provide the school with a full evaluation of the final project activity that will give information about the impact of the project on energy savings and the development of pupil awareness about energy issues.
- Supply energy auditing/monitoring materials, a teacher's guide, and suggestions for energy auditing/monitoring activities;
- Provide assistance in analysing the energy consumption data of participating workplaces, as well as in preparation of the energy auditing report, which may be used as the basis for further discussions within the participating company;
- Conduct an evaluation on the quality of the educational materials and prepare an evaluation report;
- Create publicity locally, nationally and internationally on the activities of Committed Secondary School;
