

## **Deliverable 6.8:**

### **Programme of road show events**

*(1 programme & 5 road show events per partner)*

<b>a/a</b>	<b>Name of school</b>	<b>Date of event</b>	<b>Description of the event/activities</b> (including tools and material distributed)	<b>Results of the action</b>
1.	ASSISI I.P.I.A - I.T.I.	11/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy, renewable source, energy saving in school. AEA provided them informative/formative material and didactic YEP tools to carry out the energy analysis of the school.	A group of students has carried out the energy audit of school following YEP methodology
2.	CITTA' DI CASTELL I.P.S.A.R.T. "F.Cavallotti"	11/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy, renewable source, energy saving in school. AEA provided them informative/formative material and didactic YEP tools to carry out the energy analysis of the school.	A group of students has carried out the energy audit of school following YEP methodology
3.	FOLIGNO Liceo Scientifico "Marconi"	11/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy, renewable source, energy saving in school. AEA provided them informative/formative material and didactic YEP tools to carry out the energy analysis of the school.	A group of students has carried out the energy audit of school following YEP methodology
4.	PERUGIA I.T.A.S. "Giordano Bruno"	11/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy, renewable source, energy saving in school. AEA provided them informative/formative	A group of students has carried out the energy audit of school following YEP methodology

			material and didactic YEP tools to carry out the energy analysis of the school.	
5.	GUBBIO I.P.S.I.A.	11/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy, renewable source, energy saving in school. AEA provided them informative/formative material and didactic YEP tools to carry out the energy analysis of the school.	A group of students has carried out the energy audit of school following YEP methodology
6.	SPOLETO I.T.I.S. "Fratelli Campani"	11/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy, renewable source, energy saving in school. AEA provided them informative/formative material and didactic YEP tools to carry out the energy analysis of the school.	Students increased their awareness about energy theme, European policy and YEP project
7.	FOLIGNO I.P.S.I.A.	11/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy, renewable source, energy saving in school. AEA provided them informative/formative material and didactic YEP tools to carry out the energy analysis of the school.	Students increased their awareness about energy theme, European policy and YEP project
8.	FOLIGNO Liceo Classico	16/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy, renewable source, energy saving in school. AEA provided them informative/formative material and didactic YEP tools to carry out the energy analysis of the school.	Students increased their awareness about energy theme, European policy and YEP project
9.	GUBBIO I.T.C."M.Gattapone"	16/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy, renewable source, energy saving in school. AEA provided them informative/formative material and didactic YEP tools to carry out	Students increased their awareness about energy theme, European policy and YEP project

			the energy analysis of the school.	
<b>10.</b>	GUBBIO I.T.I.S. Sperimentale	16/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy, renewable source, energy saving in school. AEA provided them informative/formative material and didactic YEP tools to carry out the energy analysis of the school.	Students increased their awareness about energy theme, European policy and YEP project
<b>11.</b>	GUBBIO Ist. d'Arte e sperimentale del restauro.	16/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy, renewable source, energy saving in school. AEA provided them informative/formative material and didactic YEP tools to carry out the energy analysis of the school.	Students increased their awareness about energy theme, European policy and YEP project
<b>12.</b>	PERUGIA I.P.C. "Pascal"	16/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy, renewable source, energy saving in school. AEA provided them informative/formative material and didactic YEP tools to carry out the energy analysis of the school.	Students increased their awareness about energy theme, European policy and YEP project
<b>13.</b>	PERUGIA I.T.C. "Capitini"	16/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy, renewable source, energy saving in school. AEA provided them informative/formative material and didactic YEP tools to carry out the energy analysis of the school.	Students increased their awareness about energy theme, European policy and YEP project
<b>14.</b>	PERUGIA I.T.C."Vittorio Emanuele II"	16/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy, renewable source, energy saving in school. AEA provided them informative/formative material and didactic YEP tools to carry out the energy analysis of the school.	Students increased their awareness about energy theme, European policy and YEP project
<b>15.</b>		16/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy,	Students increased their awareness about energy theme, European policy and YEP

	PERUGIA I.T.I.S. "Alessandro Volta"		renewable source, energy saving in school. AEA provided them informative/formative material and didactic YEP tools to carry out the energy analysis of the school.	project
16.	PERUGIA Ist. d'Arte "B. di Betto"	16/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy, renewable source, energy saving in school. AEA provided them informative/formative material and didactic YEP tools to carry out the energy analysis of the school.	Students increased their awareness about energy theme, European policy and YEP project
17.	PERUGIA Liceo Scientifico "G.Alessi"	16/11/2008	A selection of student has been involved in a didactic lesson about YEP, energy, renewable source, energy saving in school. AEA provided them informative/formative material and didactic YEP tools to carry out the energy analysis of the school.	Students increased their awareness about energy theme, European policy and YEP project
18.	PERUGIA Scuola media	18/03/2010	The students of a class have participated to the final conference of YEP project organized in the ITG Di Cambio of Perugia	Students increased their awareness about energy theme, European policy and YEP project
19.	FOLIGNO I.T.C. "F.Scarpellini"	26/03/2010	The students of a class have participated to the final conference of YEP project organized in the ITI of Foligno	Students increased their awareness about energy theme, European policy and YEP project
20.	SPOLETO I.P.S.I.A.	15/04/2010	The students of a class have participated to the final conference of YEP project organized in the ITCG Spagna of Spoleto	Students increased their awareness about energy theme, European policy and YEP project

If needed rows can be added (*e.g. additional common events for all 5 or some schools*).

If needed cells can be merged (*e.g. common event for all 5 or some schools and not individual events*).
